Cleanroom, data hall and lab cleaning: what we clean

Check each room against this sheet with your facility contact after a visit.

Facility _____ **Room or hall** _____

Checked by _____ **Date** _____

Entering the controlled room

- ☐ Crew gowned in the order your gowning room posts
- ☐ Carts, buckets and tools wiped before the airlock
- ☐ Shedding items kept outside the clean side
- ☐ Only the wipers, mop heads and solutions you approved
- ☐ Controlled-room materials kept apart and labeled

Inside the cleanroom

- ☐ Ceilings, walls and light lenses where your procedure includes them
- ☐ Equipment exteriors and work surfaces
- ☐ Top to bottom, cleanest zone toward the exit
- ☐ Wipers folded and turned to a clean face each pass
- ☐ Floor mopped last in overlapping strokes to the door
- ☐ Used materials bagged on the way out

Data halls

- ☐ Raised-floor tile surfaces
- ☐ Hot and cold aisles
- ☐ Cage floors and door thresholds
- ☐ Staging and loading areas
- ☐ Rack doors and cabinet exteriors only where your team allows
- ☐ Under-floor plenum when facilities open the floor

Access steps

- ☐ Visit booked ahead
- ☐ Sign-in, ID and badge through security
- ☐ Escort present where your procedure calls for one

Labs and R&D suites

- ☐ Lab benches left to lab staff until cleared for cleaning
- ☐ Floors and approved sinks
- ☐ Ordinary trash removed (never lab waste)

Rooms around the clean side

- [ ] Change rooms and corridors
- [ ] Offices and break rooms
- [ ] Restrooms
